INTRODUCTION

MedStar Family Choice (MFC) is pleased to provide the *2024 MedStar Family Choice - Maryland HealthChoice Prescribing Guide* to be used when prescribing for patients covered by the pharmacy plan offered by MedStar Family Choice. **This is a closed formulary and only those drugs listed in this formulary will be covered by MedStar Family Choice.**

The drugs listed in the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* have been reviewed and approved by the MedStar Family Choice Pharmacy and Therapeutics Committee. The drugs have been selected to provide the most clinically appropriate and cost-effective medications for patients who have drug benefits administered through MedStar Family Choice - Maryland HealthChoice. There may be occasions when an unlisted drug is desired for medical management of a specific patient. In those instances, the unlisted medication may be requested through the Medical Exception process.

The information contained in this formulary and its appendices is provided solely for the convenience of medical providers. This formulary is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable. MedStar Family Choice does not warrant or assure accuracy of such information nor is it intended to be comprehensive in nature. This formulary is not intended to be a substitute for the knowledge, expertise, skill, and judgment of the medical provider in his or her choice of prescription drugs. MedStar Family Choice does not assume responsibility for the actions or omissions of any medical provider based upon reliance, in whole or in part, on the information contained herein. The medical provider should consult the drug manufacturer's product literature or standard references for more detailed information.

PREFACE

The *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* is organized by sections. Each section includes therapeutic groups identified by either a drug class or disease state. All drugs listed were selected to be on this formulary. If a generic drug is covered, it is listed by generic name and may include the brand-name of the drug in parentheses as a reference to assist in drug name recognition. Brand-name drugs are listed by their brand name. This formulary document lists all dosages, strengths and formulations of each drug that is covered.

Drugs, dosages, strengths, and formulations not listed are considered non-formulary.

PREScription COPAYMENTS (COSTS)

Beginning on May 1, 2024, the State of Maryland is requiring that all Health Choice Managed Care Organizations (including MedStar Family Choice) charge a copay for medicines. A copay is a cost that you will need to pay when you pick up your medicine.

- For most formulary (covered) brand name or generic medicines, you will have a copay (cost) of \$1.00. Covered medicines can be found on the MedStar Family Choice website at medstarfamilychoice.com.
- For HIV/AIDS medicine, you will have a copay (cost) of \$1.00.
- There is NO copay (cost) for family planning options: condoms, birth control pills, diaphragms, intrauterine devices (IUDs), etc.
- For non-formulary (non-covered) brand-name medicines, you will have a copay (cost) of \$3.00.

Please note that the following MedStar Family Choice members will not have a copay for their medicine:

- Members under the age of 21
- Members who are pregnant people
- Members who are living in long-term care facilities
- Members who are in hospice care (programs that give special care to people who are near the end of life and have stopped treatment to cure or control their illness/disease)
- Members who are Native Americans

LEGEND

Drugs that require a prior authorization are indicated in the document by **PA**. See section **Medical Exception, Prior Authorization and Non-Formulary** below.

Drugs that require Step Therapy authorization for coverage are indicated in the document by **ST**. Step Therapy requires that drugs be used in a specific prescribing order. For information for drugs on Step Therapy reference the PA table on the website, medstarfamilychoice.com.

Drugs that have an Age-Related Restriction for coverage are indicated in the document with a **specific notation** next to the medication.

Drugs that have dispensing quantity limitation are indicated in the document by **QL** along with the limits noted in the parentheses. Quantity Limits allow a maximum quantity of drug product that a member may receive per prescription and/or over a specific period of time. Many drug products on the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* have

quantity limits based upon the dosage described in product labeling, or due to potential safety or utilization concerns.

A Tier number next to a medicine designates brand, generic, or preferred status of that medicine and indicates the expected copay amount for each prescription.

- Tier 0 indicates medicines with NO copay.
- Tier 1 indicates medicines with a \$1 copay.
- Tier 2 indicates medicines with a \$3 copay unless the member is excluded from the required copay as described above (see **PRESCRIPTION COPAYMENTS (COSTS)** section).

OVER-THE-COUNTER MEDICINES

MedStar Family Choice covers many common over-the-counter (OTC) products. You are encouraged to prescribe OTC products when clinically appropriate. A prescription is required, and refills are permitted. The prescription expires under Maryland Pharmacy Law in 12 months. Generic OTC products are preferred when available.

Condoms and emergency contraception do not require a prescription.

DURABLE MEDICAL EQUIPMENT

Blood pressure monitors and at-home diabetic testing machines and supplies are covered as part of the prescription benefit. MedStar Family Choice prefers Accu-Chek branded products when appropriate for patients. These include Accu-Chek Aviva, Accu-Chek Guide, and Accu-Chek Smart line of glucometers and coordinating supplies.

PHARMACY AND THERAPEUTICS (P&T) COMMITTEE

The MedStar Family Choice P&T Committee (MFC-MD P&T) includes physicians, pharmacists, and nurses. The Committee meets quarterly to evaluate drugs for formulary inclusion and to develop policies concerning formulary and drug utilization management. Please visit the MFC website at medstarfamilychoice.com to view the decisions of the MFC-MD P&T and any applicable changes. The main features of the MFC-MD P&T Policies are also on the website in the FAQs.

PRODUCT SELECTION CRITERIA

The MedStar Family Choice Pharmacy and Therapeutics Committee considers clinical information on new-to-market drugs that are typically included in an outpatient pharmacy benefit. The evaluation includes all or part of the following:

- Safety
- Efficacy
- Comparison studies
- Approved indications
- Adverse effects
- Contraindications/Warnings/Precautions
- Pharmacokinetics
- Patient administration/compliance considerations

When a drug is considered for formulary inclusion, it will be reviewed relative to similar drugs currently on formulary. In addition, the entire *MedStar Family Choice - Maryland HealthChoice Prescribing Guide* is reviewed on an annual basis.

All the information in the MedStar Family Choice - Maryland HealthChoice Prescribing Guide is provided as a reference for drug therapy selection. Specific drug selection for an individual patient rests solely with the prescriber.

GENERIC SUBSTITUTION

Brand name drugs that have a generic will be automatically substituted by the pharmacy. Pharmacies will only substitute medications if they are evaluated by the U.S. Food and Drug Administration (FDA) and found to be clinically equivalent. Generic biosimilar therapies will also be substituted when permitted under FDA guidelines.

90-DAY, HOME DELIVERY AND MAIL SERVICE PRESCRIPTIONS

MedStar Family Choice offers a 90-day fill option for most drugs used to treat chronic conditions.

MedStar Pharmacy offers prescription delivery at no extra cost to MedStar Family Choice members living in certain ZIP codes. This service is available Monday through Friday (prescriptions filled on Friday will be delivered on the following Monday). Deliveries are set up for the following day and patients need to be home at the time of drop off. If patients have copays, they can pay by either check at drop off or by credit card over the phone. Home delivery requires a signature. Use the following link to find out if a member is eligible for home delivery – [MedStar Home Delivery](#).

Members are also able to order their prescriptions from CVS Caremark Mail Service Pharmacy™ by calling 1-800-552-8159. Receiving a 90-day supply of medication by mail may prove to be more convenient for members,

especially when filling prescriptions for routine or maintenance type medications. Mail service may also improve members adherence to their therapies.

To start the process, prescribers may call CVS Caremark Mail Service Pharmacy at 1-800-378-5697 or they may submit a prescription to the CVS Caremark Mail Service Pharmacy. Additional information can be found at the MedStar Family Choice website, medstarfamilychoice.com or at caremark.com.

Please note that medications ordered and processed through mail service are typically mailed to the member via U.S. regular mail. As such, please advise members to allow up to 14 days for delivery from the time mail service receives the request. Any prescriptions submitted to mail service for less than a 90-day supply may be returned to the member.

MEDICAL EXCEPTION, PRIOR AUTHORIZATION and NON-FORMULARY REQUESTS

If a drug requiring prior authorization is desired for medical management of a patient MedStar Family Choice has a prior authorization table that can be accessed to see the prior authorization requirements. To view the prior authorization criteria:

- Go to the website: Medstarfamilychoice.com
- On the blue banner at the top of the page, click "Maryland Providers"
- Click "View Prescription Information" link center of page
- Click "Prior Authorization and Step Therapy Table" link

In addition, if a non-covered drug or a drug requiring prior authorization is desired for medical management of a patient, a medication exception may be requested by calling MedStar Family Choice at: 1-800-905-1722, Option 2 or send in the completed PA/Non-formulary request form that can be found on the MFC website. To access the forms:

- Go to the website: Medstarfamilychoice.com
- On the blue banner at the top of the page, click "Maryland Providers"
- Click "View Prescription Information" link center of page
- Click the form that applies to your needs:
 - o Hepatitis C Prior Authorization Form
 - o Opioid Prior Authorization Form
 - o General Medication Prior Authorization Form

MedStar Family Choice must make a decision and provide notification on all pharmacy requests within twenty-four (24) hours of receipt. To comply with this stringent turnaround time, we ask that your office provide complete clinical information at the time of original submission. Please consult this document and the Pharmacy Prior Authorization table that can be found on our website prior to submitting your request. If additional clinical information is required, please be advised that your office must return it quickly or the request will be denied due to incomplete information.

OPIOID DRUG MANAGEMENT

In alignment with the Federal Support Act, new-start opioid analgesic prescriptions are limited to a 7-day supply.

A new prescription means:

- The patient has not had an opioid medication filled in the preceding 30 days, OR
- The patient had one fill of a short-acting opioid at ≤ 50 morphine milligram equivalents (MME) per day for ≤ 7 days in the previous 30 days

New prescriptions cannot be filled for more than 7-day supply.

MARYLAND MEDICAID FORMULARY ACCESS

Please visit mmppi.com/formulary_navigator.htm to view the *MedStar Family Choice - Maryland HealthChoice Prescribing Guide*. This MDH sponsored site contains the formularies of all the Managed Care Organizations (MCO) and is updated frequently.

NOTICE TO HEALTHCARE PROFESSIONALS REGARDING HIGH-COST MEDICATIONS

MFC will require Prior Authorization (PA) for very high-cost medications regardless of formulary status and/or place of service (i.e., PA is required in ALL outpatient AND inpatient settings). Prescribers MUST contact MFC before administration. Failure to do so will result in non-payment. Post-administration retrospective requests for authorization will not be accepted for review.

WITHOUT PRIOR AUTHORIZATION, YOU WILL NOT BE REIMBURSED, NO EXCEPTIONS.
